## The SHOES Your Children Wear To School To Church To Play

Should lack none of the essentials nor fundamental points of merit which have come to be recognized as establishing quality, style, comfort and service. This year, more than ever before, there is that certain element of chance encountered in buying, but happily for our customers we have eliminated it entirely. That same degree of satisfaction and assurance always experienced in buying Children's Shoes here is just as much in evidence as before.

It was announced today by the Association of American Colleges, under whose auspices the young women are coming to this country.

They were selected in France by the committee of the association, of which Dean Mary L. Benton, of Carleton College, Northfield, Minn., is chairman. ## TWO SHIP BOARD OFFICIALS RESIGN

The United States Shipping Board on September 15 will lose two of its valuable men, Mark Hyman, general counsel, and Henry M. Robinson, commissioner of the board. Both men give pressing personal business as reasons for resigning.

Mr. Robinson, who has been with the Shipping Board more than a year, was formerly in charge of building up the nation-wide defense system for the Council of National Defense. He served as shipping commissioner at the peace conference and was a member, with Samuel Gompers, of the International Trade Conference at Paris. He was also one of the President's advisers on the Supreme Economic Council.

Mark Hyman was special assistant United States Attorney General when he investigated the Hog Island situation. He was later appointed general counsel by Chairman Hurley.

## MINERS PAUSE FOR MITCHELL FUNERAL

CLEVELAND, Ohio, Sept. 12.—In respect to the memory of John Mitchell, former miners' leader, the United Mine Workers of America convention here recessed today. Scores of delegates went to Scranton, Pa., where Mitchell was to be buried today.

The 700 resolutions before the convention, revolve around, and are subordinate to, the new wage scale and nationalization of mines issues. When the latter was brought up for vote on the convention floor late yesterday, Capt. Fred W. Morgan, delegate from Cliftonville, W. Va., spoke against it.

He was howled down at first, but later permitted to talk. His chief objection was the suddenness of the proposed action, although he said he favored having the Government ultimately take over the mines. The vote for nationalization was practically unanimous.

## PUT OAR IN MUSEUM.

THURSO, Scotland, Sept. 12.—An oar which came ashore from a boat belonging to H. M. S. Hampshire, the warship which sunk with Lord Kitchener on board, has been placed in the local museum.
